very worried for fear I had miss-

counted & left something behind.
 but fortunately all was well
 & this huge pile of over a ton weight
 was conveyed by little launches
 to the Custom Shed. I left
 everything there, & only took my
 nightie & a tooth brush in my
 hand bag to the hotel.
 The next morning Amice arrived
 by the aeroplane & we had a
 busy time in the customs, it took
 from 10 o'clock to 2:30 to get it
 all cleared & we hoped to catch
 the return plane to Cairo.

signal to say there were any passengers for it, it did not descend. as usually tickets are taken well in advance. so we had to wait until the 6.30 train & instead of being in Cairo by 4.30 we did not arrive until 10.30. so today I am feeling a little weary.

There has been a hitch with the Austrians, the Egyptian government refused to grant them visas & stopped them coming on the boat their passages were booked on. There was an awful fuss & bother & now they have been granted the visas but of course it has meant a lot of expense & delay. It seems there has been some bother about some Austrian or German undesirables who refused to leave the country

& so all visas were stopped.
 you can imagine the state poor
 Amice got in about it.

I shall go to Thos. book this
 evening to see if there are any
 letters. I hope to go to camp
 by to-morrow's night train, Amice
 will stay behind to collect the Austrians
 & will come later. I am taking
 Miss Clark with me. she is our
 new photographer. I can get the
 camp into shape & everything ready
 for the other's arrival, so my
 next letter will be from Onahal.

Love to you & father.

Your affectionate
 daughter
 Myrtle.
