Dear Mother.

We passed through the Straits of Messina this morning & had a splendid view of both sides & just now have passed quite near to Stromboli, we could see the crater quite clearly, there was quite a lot of smoke coming out of it. we shall be at Marseilles on Friday.

So far the voyage has been very uneventful. I have a nice cabin all to myself

Rex saw me off at Cairo station Sunday morning. & books

2

man saw me on board at  
Port Said so have had no trouble.  
I am enclosing a note for "George"  
will you take it down to the Vale  
Garage & ask them to fetch Lady  
Godiva & get her in running order  
for me. I am writing to Mann-  
Egerton to have the insurance  
renewed from May 12<sup>th</sup> & will write  
for the new licence as soon as I get  
home. I think the Vale Garage  
people can put a trade number  
for taking her to & fro.

Nancy hopes to come on the  
next Bibby boat which leaves a  
fortnight later, she has not been  
very fit & may have to have x ray  
treatment when she comes home.  
Nannie came round to say

very fit & may have to have x ray  
treatment when she comes home.

Nannie came round to say

3  
 - good-bye to me. Her second  
 grand-daughter arrived the day  
 before & she was in a great  
 state about it. They got muddled  
 over the date it should arrive, & have  
 been expecting it the last two months.  
 Nannie was hoping it would be  
 all over long before she got to Cairo  
 but she got there just in time for  
 the whole performance - & was  
 of course expected to pay for everything.

I shall be home three <sup>or four</sup> days  
 after you receive this. so will  
 leave all other news till then.

Love to you both.

Your affectionate  
 daughter

Myrtle.
