

BROOME LETTER 113

**Arabah.
Feb 10th [1931]**

Arabah.
Feb 10th 113

Dear Mother.

This will be a very hasty note as we have the two guests from the Brunton's camp. They are such charming people, he is a Cambridge man & this is his first season in Egypt & Miss Buchanan is a cousin of the nice girl who was with Mrs Brunton last year. They are both very enthusiastic about everything & so easy to entertain. We had an early lunch today as it is our souk day & started off for our pet wady directly afterwards, we climbed up to the high desert & came down via our famous sand slope, which thrilled them tremendously, we had tea out there & came home in the sunset

Poor Joey is still confined to his garage, we hope his spare part will not be much longer

Hope my next will be a longer

letter. I am enclosing a picture of Chicago House.

Lots of love

your affectionate daughter

Myrtle.

PS. The wedges are proving very useful. I think we are getting the custom charge refunded.
