

BROOME LETTER 70

Arabah el Madfunah
March 7th 1930

Dear Mother

I am sending you a few more Kharga photos, they are not very clear, as they were taken in bad light, Kodaks^{sic} developed them but did not think them good enough to print from, so Nannie made me some, as they are interesting records inspite^{sic} of being indistinct. I have written the description on the back of each as usual.

To-morrow I go to the Bruntons for 5 days. Sardic is coming with me to Baliana, to see me safely on the train & the Bruntons are sending some one to meet me at their nearest station, Abu Tig, so it ought to be an easy journey I do not know what their postal arrangements are, so I may miss a mail, but this is not such a perilous adventure as the last

I gave you all the news in my last letter

Lots of love from
Myrtle -
