Dear Mother.

Received your second letter in camp today. I am sorry to hear the work progresses so slowly. fancy having to wait so long for tiles. I forgot to tell you that when I was in Cairo I discovered a fascinating Chinese shop where I bought some very heavy shantung silk (the weight made for mens suits) to make myself a plain skirt, I was served by a very polite young chinaman who spoke excellent English. I also bought some lace. the silk was 18PT a meter that is  $3/9^d$ . I enclose a little piece for you to see.

All our boxes have arrived & we had a great time unpacking on Wednesday. The sewing machine is all ready in use. in fact it is rattling away at this moment. as Truda Clark is sewing two tablecloths together to make a nice large one.

Sardic is delighted with the grind-stone & remarked on the beautiful green paint.

All our boxes have arrived & we had a great time unpacking on Wednesday. The sewing machine is all ready in use. in fact it is rattling away at this moment. as Truda Clark<sup>sic</sup> {Clarke} is sewing two tablecloths to-gether to make a nice large one.

To-day was the first day we have all been able to get to work in the temple, I had started before but the others had to wait until the boxes were unpacked as they had no materials. Amice of course has not been able to start anything, as she has been too occupied superintending

Hakim looks very smart in his new collar, he is in the long legged lean stage now & not nearly as attractive as he was when we left. Wip-wat the second is going to be as fine a dog as his father & is very intelligent. His mother has five new puppies this time, we have not yet seen them.

Hope the work will progress more quickly, it must be very trying now the cold weather has set in. it is still very warm here. I hope Kelly's thumb goes on satisfactorily it is funny Pat should have had to assist two disabled thumbs isn't it.

Love to you both & to Pat  
Your affectionate  
daughter  
Myrtle.
