 get some very good Australian apples
 from Sohag. so will ask Betty to
 send her cook to purchase a nice
 basket full for me to send to the
 Omdah. & then we shall both have
 done the correct thing.

Sardic returned from Cairo
 & his eyes were much better for a bit
 but they got rather inflamed & painful
 so Amice took him into Sohag to the
 eye hospital & he will remain there
 a week as they need proper dressing
 several times a day. the eyelashes
 are inclined to grow in under the eyelids
 & this causes inflammation.

Please thank Father for his
 letter. his list of jobs amused me
 he never can keep pace with it there
 are always more to add as the first
 get marked off.

I do hope you will hear of a suitable
maid now that the domestic quarters
are habitable, what a good thing
Mrs Webb did not come after all.

I suppose Mrs Childs still comes
three days a week to do the cleaning.

Glad to hear Pat is settling down
in his job - please give her my
love.

Lots of love to you & father
Your affectionate daughter
Myrtle.
