

BROOME LETTER 190

Arabah
April 2/1>8th [1932]

Dear Mother.

Cooks have answered my letter of enquiry by sending a shipping list that I had already procured from them, so I still don't know what accommodation is available.

I have written again asking if berths are available for on the Kashima Maru leaving Port Said, April 26th & Burma of the Henderson line leaving April 27th.

Amice & I have decided to go off for a little desert jaunt in Joey before returning to civilization, we shall be out of reach of postal communication for four days. so don't be surprised if I miss next mail.

This is a very short letter this time as we are in the midst of packing the drawings etc & have preparations to make for our joy ride. Hope to have more news for the next.

Lots of love
Your affectionate daughter
Myrtle.
