Dear Mother -

We are in the midst of our preparations for our journey to the Red Sea, Sordic has been under Joey most of the day oiling & greasing etc Nannie has been preparing food & there has been a special baking of bread. we expect to be away six days & have to take all we need for that time, of course while we are by the sea we will live on fresh fish, we are taking bathing things, & old shoes to paddle in on the coral reef

Among our provisions will be a roast chicken, bully beef, 20 hard boiled eggs, biscuits & bread & jam & a rice & date pudding

So you see we do not intend to starve  
 Joey will look like a moving day  
 with all our bundles topped up  
 with rolls of wire netting in case  
 we stick in the sand, I expect  
 the desert police will inspect our  
 equipment before we start on  
 the desert route

It is very nice of Ron to offer to  
 bring the remembrances that Buffles  
 left me. she had told me I was  
 to have the gold curb bracelet but  
 I did not know about the bronze  
 Buddah. I cannot ~~remember~~  
 remember it. I wonder where we  
 shall put it. I suggest that he  
 presides over the birds bath in  
 the dell.

We had a surprise visit from Dr Gardiner's son & his wife. we did not even know they were in Egypt until Amice had a letter a day or two ago. They were on their way from Luxor to Cairo & only stayed a few hours with us. He is so very like his father in looks & voice. We enjoyed their visit very much & were sorry it was so short, if they had come a day later they would have just missed us.

I am going to leave this letter with Nannie to send to the post next mail day when we are away, so you will get your letter as usual

Lots of love to you both  
Your affectionate daughter  
Myrtle.
