Dear Mother.

We are very near the end of the season, we expect to leave here the night of the 29th & I am trying to get a passage on a Blue Funnel Line Steamer that leaves May 5 & arrives London May 16. I will let you know definitely when I hear from Cooks.

This month has simply flown & we cannot believe we are so near the end, we shall be having a very busy time the last week getting ready to leave, & packing etc.

Amice & I have been invited to visit Professor Oliver (the botanist & naturalist) in his new house out in the desert between Cairo & Alexandria, we are looking forward to it very much

A few days ago, one of our guards brought us a little baby fox, the sweetest little thing we have ever seen. It was very frightened & weak, so we put it in a box with some shavings & when it got over its fright it lapped a little milk & felt better, it was quite tame with us & let us pick it up & pet it without any sign of fear. we shut the doors of the Terresina & let it run about & after trotting about a bit it came & sat close to my feet as if it wanted companionship & when I picked it up it cuddled up in my neck like a kitten, we kept it that

day & night, & the following day
we sent it to Madame Roche. (we
could not keep it here with two wild
puppies -) she adores all animals
& has all sorts of out buildings in
her huge garden & we knew he would
be well cared for there. We heard
to-day that she is delighted with him
& he is perfectly happy playing with
two wolf cubs she is rearing, so we
are very relieved, we would have
loved to keep him ourselves, but
it was impossible. The pups are
too big now & we could not keep him
always shut up. So we hope to
see him when we visit Nag Hammadi
(again).
This will be a short letter
this time but you have had three
extra long ones to make up.
Love to you both
Your affectionate daughter Myrtle.
