

BROOME LETTER 410

**Cairo.
May 20 1937.**

Dear Mother.

Since my last letter I have been round to Cooks^{sic} to collect my mail & found four letters waiting for me.

We have since been getting on with our preparations for our journey. We have taken passages for ourselves & Joey on a Greek boat leaving Alex M/<J>une 2nd this is the earliest date we could book for & I shall probably be home by the end of June.

Nancy & Joan sail on the 25th & they would like to come & stay a day or so with you when they arrive. Nancy says she will write to you from Marseilles, they have been so good to me & I felt sure you could fix them up. Joan could have my
room.

[The continuation of the letter is missing.]
