Dear Mother.

We start off on our journey again to-morrow, we have had quite a nice time in Cairo, everyone has been most kind, we have been to tea with the Imp twice & to-day he & Nancy came to lunch with us here, yesterday we dined with the kind D^r Junker, he had prepared a splendid feast for us, & invited the Imp & two other nice people, so it was a jolly party. The evening before we had dinner at Mrs Phillips, the Princess Bessina Fouad & her sister were there, they were very pleasant, but Amice & I found it very dull, not a bit like D^r Junker's. The difference between social & archaeological circles was very marked.

Tonight we are to dine with Major & Mrs Congreve he is the man who lent us the flea bags for our Kharga trip, so you see we

have been very gay.

Amice has been fairly well, but gets tired very easily, she has engaged a chauffeur to take Joey to Assiut tomorrow, we are to go there by train, stay the night with some friends there & then the next day drive to Sohag, about 80 miles & spend the night with the Oltons, (he is sub consular agent.) & reach our camp the following day.

We have been invited to visit Chicago House at Luxor to see their method of colour work, so go there next Saturday, we may have to spend a few days there. Amice is rather hoping to get some one to come back with us for a week or two to give a hand with the photography, she has hopes of getting Burton, he is the man who took all the Tut things for the London Illustrated, I think she is a little optimistic. However we shall see.

I was miserable without my pen so purchased one in Cairo, it has a broad oblique nib & is very easy to write with, it keeps an even flow no matter how fast I write, it was rather expensive, it was 17/6, but they let me have it for 15/- as there wasn't a nib to suit me among the less expensive makes - it is a Swan -

I have bought a big supply of films & opened a deposit a/c with Kodak so hope to have some snaps to send you later on.

I think this is all my news
love to you both.

your affectionate daughter
Myrtle -

Give my love to Pat hope she is still enjoying her job we trust Miss Jonas' thumb is better now, & send her greetings.

P.S. When you are in Woolworth's will you look for another pen with an owl on it, Amice has fallen in love with mine & wants one, you can send it sample post.
