Dear Father

Many Happy Returns of your Birthday.  
I hope all the uphevals<sup>sic</sup> will be finished & the house normal again.

The folk here have been very busy, our carpenter has made a new door to our veranda room & Sardic has put new wire netting round the open side, & the rooms have been whitewashed & cracked walls rebuilt, a mud house is nice & easy to keep in repair, you just pull a bit down & build it up again when you feel like it, & if the roof shows any signs of agitation you just prop it up with a strong wooden prop. its<sup>sic</sup> all so nice & simple. no damp courses & draught excluders.

Hope you have an extra good cello practice on your Birthday.

Love from  
Myrtle.

No one knows how to play the Jews<sup>sic</sup> harp alas. have you sent Paddy his yet.?
