Dear Mother.

Today our cases containing the season's supply of food have arrived. They were unloaded at Alex Oct 20<sup>th</sup> exactly a month ago, & it has taken the customs all this time to clear them. Fortunately we had some supplies over from last season so we have not starved, but we were getting a little troubled when they did not come

Later.

We have unpacked some of the cases, the bottled fruits etc hadnt been opened & the contents were in perfect condition. nothing broken. Then we came to one ~~that~~ that the customs had been busy with - we found the contents smeared over with a mixture of treacle & Sanitas - with a generous dusting of scourine. another case had a bottle of ginger-beer smashed in it. Our staff will have a busy time cleaning up the mess tomorrow

We think we have recognised the Minx

again. she was carrying on her old games but has grown a tail. we shall be able to have our mid-morning lunch of biscuits ~~again~~ now our stores are here so hope to get the sparrows friendly again.

We had a hurried visit from Myers yesterday, he & another man were on their way to Armant in a Ford truck they just came in to say how-do you do. Myers is an aweinspiring<sup>sic</sup> sight with a ginger beard & bright red face.

I have had a letter from Mrs Aitken to tell me that Miss Murray has been made a D<sup>r</sup> of Litterature & asking me if I will subscribe £1 towards her cap & gown which will cost £20, & they are getting up a fund among her old students for it. I had my english<sup>sic</sup> cheque book, so I sent the £1. - I do think it seems an awful waste at a time like this.

I hope Pat enjoys the lecture & will see Miss Jonas & other E.E.S friends.

Lots of love to you both  
Your affectionate daughter Myrtle.
